Cada año, antes del 1 de febrero, todas las escuelas de California deben publicar, según la ley estatal, un Informe de Responsabilidad Escolar (SARC, por sus siglas en inglés). El SARC contiene información sobre la condición y el desempeño de cada escuela pública de California. Según la Fórmula de Financiamiento de Control Local (LCFF, por sus siglas en inglés), todas las agencias educativas locales (LEA, por sus siglas en inglés) deben preparar un Plan de Control y Responsabilidad Local (LCAP, por sus siglas en inglés), que describe cómo pretenden cumplir con los objetivos anuales específicos de la escuela para todos los alumnos, con actividades específicas para abordar las prioridades estatales y locales. Además, los datos informados en un LCAP deben ser coherentes con los datos informados en el SARC.

- Para obtener más información sobre los requisitos del SARC y el acceso a los informes de años anteriores, consulte la página web del SARC del Departamento de Educación de California (CDE) en <https://www.cde.ca.gov/ta/ac/sa/> .
- Para obtener más información sobre el LCFF o el LCAP, consulte la página web del LCFF del CDE en <https://www.cde.ca.gov/fg/aa/lc/> .
- Para obtener información adicional sobre la escuela, los padres/tutores y miembros de la comunidad deben comunicarse con el director de la escuela o la oficina del distrito.

## Búsqueda de datos

DataQuest es una herramienta de datos en línea ubicada en la página web DataQuest del CDE en <https://dq.cde.ca.gov/dataquest/> que contiene información adicional sobre esta escuela y comparaciones de la escuela con el distrito y el condado. Específicamente, DataQuest es un sistema dinámico que proporciona informes para la rendición de cuentas (por ejemplo, datos de pruebas, inscripción, graduados de la escuela secundaria, deserción escolar, inscripción en cursos, dotación de personal y datos sobre estudiantes de inglés).

## **Panel de control de las escuelas de California**

El Panel de Control de Escuelas de California (Dashboard) <https://www.caschooldashboard.org/> refleja el nuevo sistema de rendición de cuentas y mejora continua de California y brinda información sobre cómo las LEA y las escuelas están satisfaciendo las necesidades de la diversa población estudiantil de California. El Panel de Control contiene informes que muestran el desempeño de las LEA, las escuelas y los grupos de estudiantes en un conjunto de medidas estatales y locales para ayudar a identificar fortalezas, desafíos y áreas que necesitan mejoras.

## **Acceso a Internet**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## **Admission Requirements for the University of California (UC)**

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

## **Admission Requirements for the California State University (CSU)**

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## School Description and Mission Statement (School Year 2024–25)

Roseland Elementary is a PreK through sixth-grade elementary school located in southwest Santa Rosa. We are a diverse community of learners with staff, students and parents learning, growing and improving in relentless support of the academic and social success of all of our students. As with all schools in our district, we participate in the Accelerated Schools Plus Project. This school-governance system and model allows us to make systemic schoolwide improvements through the collaboration of teachers, students, parents and the local community alike. We believe that all of our students are gifted and talented, and we strive to give them meaningful, powerful learning experiences. We have the highest expectations of our entire school community, and we are working together to further close the achievement gap for our English learners. We provide a rigorous, differentiated and standards based curriculum that is suited to meet each student’s individual needs.

Additionally, we have a full time PE teacher as well as many enrichment opportunities including weekly music and library time.

HEART Vision  
Healthy Choices: We make the right choices to build healthy bodies and minds.

## School Facility Conditions and Planned Improvements

Our school campus is a parklike setting, with a Super Toy structure and large play area built by community volunteers. The school employs custodians who are responsible for ensuring school facilities and classrooms are cleaned and maintained on a regular basis. They do a wonderful job ensuring the school is in good repair and that the grounds are safe, clean and welcoming.

Roseland School was built in 1906. The school has numerous regular classrooms, portables, a library, a computer lab, a multipurpose room, and two special-education rooms. Athletic facilities include a multipurpose room/gymnasium and a large field for sports. During the time students are on school grounds before school, at recess time, during class time and directly after school, they are under the supervision of their classroom teacher and/or instructional assistants.

In the fall of 2007, the cafeteria kitchen was remodeled with all new appliances and interior furnishings. In addition, the school office was expanded and remodeled. These projects were funded by the general fund and the cafeteria fund. In 2009, the new library for students and families was built and opened. All classrooms have air-conditioning, new phone systems, and two-way safety door locks. In addition, many classrooms were updated with energy-efficient windows and blinds.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
  2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
  3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students taking and completing state-administered assessments Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard**

Mathematics (grades 3-8 and 11)	28%	27%	25%	24%	34%	35%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

#### Opportunities for Parental Involvement (School Year 2024–25)

Offering ongoing professional development for our staff is a top priority for the Roseland School District. Staff members participate in trainings and workshops throughout the school year. Focus areas have been a result of “District/School as a Whole” decisions made through the Accelerated Schools Process and the LCAP, and have included multiple trainings on Common Core implementation and instructional practices that support student achievement with a focus on Language Arts/Literacy, Mathematics, Social- Emotional Learning, English Language Development, and Science education. Workshops provided by the Sonoma County Office of Education also provide a wide array of choices to support teachers in their ongoing professional development. Teachers new to the profession participate in the North Coast Teacher Induction Program (NCTIP), and are provided with on-site support.

There have been 15 days provided for professional development and continuous professional growth in the most recent three-year period. Professional development is delivered during staff development days, Wednesday staff meeting time, after school, or at conferences. Implementation of district/schoolwide agreements and focus areas is supported through grade level collaboration meetings, teacher-principal meetings and by the ASP coaches, academic deans, and other staff.

Our principal team also participates in the Principals' Support Network at SCOE which is guiding our PLC work as a school.

### Professional Development

Ofrecer desarrollo profesional continuo para nuestro personal es una prioridad principal para el Distrito Escolar de Roseland. Los miembros del personal participan en capacitaciones y talleres durante todo el año escolar. Las áreas de enfoque han sido el resultado de decisiones del "Distrito/Escuela en su conjunto" tomadas a través del Proceso de Escuelas Aceleradas y el LCAP, y han incluido múltiples capacitaciones sobre la implementación de Common Core y prácticas instructivas que apoyan el rendimiento de los estudiantes con un enfoque en Artes del lenguaje/Alfabetización, Matemáticas, Aprendizaje socioemocional, Desarrollo del idioma inglés y educación científica. Los talleres proporcionados por la Oficina de Educación del Condado de Sonoma también brindan una amplia gama de opciones para apoyar a los maestros en su desarrollo profesional continuo. Los maestros nuevos en la profesión participan en el Programa de inducción de maestros de la Costa Norte (NCTIP) y reciben apoyo en el lugar.

Se han proporcionado 15 días para el desarrollo profesional y el crecimiento profesional continuo en el período de tres años más reciente. El desarrollo profesional se brinda durante los días de desarrollo del personal, el tiempo de reunión del personal los miércoles, después de la escuela o en conferencias. La implementación de los acuerdos y áreas de enfoque del distrito y de toda la escuela se apoya mediante reuniones de colaboración por nivel de grado, reuniones entre maestros y directores y por los capacitadores del ASP, los decanos académicos y otro personal.

Nuestro equipo de directores también participa en la Red de apoyo de directores de la SCOE, que guía nuestro trabajo de PLC como escuela.
