By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

## Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## School Description and Mission Statement (School Year 2024–25)

Sheppard Accelerated Elementary School is located in southwest Santa Rosa, California. We are one of three elementary schools in the Roseland School District. Our students reflect a diverse student population with the majority of our students being English language learners (ELLs), Spanish being the dominant home language. Our students love their school and come to school each day excited and enthusiastic about learning.

Additionally, we have a full time PE teacher as well as many enrichment opportunities including weekly music and library time.

Sheppard Accelerated Elementary is a partnership between students, their families, staff, volunteers, student alumni, and community members. Our learning community is enriched with pride, respect, and high expectations. We believe all students are gifted and talented and incorporate Powerful Learning components in our daily teaching to motivate, challenge, and achieve the highest possible levels of learning through meaningful, purposeful experiences.

As an Accelerated School, our school's principles include Building on Strengths, Empowerment Coupled with Responsibility, and Unity of Purpose. We address the Common Core Standards through the five components of Powerful Learning: authentic, interactive, continuous, inclusive, and learner-centered lessons.

School Vision Statement: SUCCESS

Student as a whole: We are healthy in our hearts, bodies, and minds.

Universal Goals: We all work together to achieve our goals.

Community: We all help each other.

Commitment: We promote to create a safe environment to learn and grow.

Excellence: We ALWAYS do our best.

Service: We give back every day.

Students As Our Future Leaders: We are the Future!

At Sheppard, all students achieve high levels of learning for a lifetime of SUCCESS!

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## Teacher Preparation and Placement (School Year 2020–21)

## School Facility Conditions and Planned Improvements

We take pride in our campus and overall school environment. Our custodial and grounds-keeping staff does a wonderful job maintaining our roses, seasonal flowers, and trees that surround our buildings. The employs school custodians who are responsible for ensuring school facilities and classrooms are cleaned and maintained on a regular basis. They also help to ensure that the school is in good repair. Visitors frequently comment on the cleanliness and beauty of our campus. Our campus is very active. Students, families, and community members utilize our welcoming and safe-school environment. With the academic classes, sports programs, and enrichment classes, there's a positive buzz on our campus throughout the day.

Sheppard School was built in 1962. We have numerous classrooms, a library, computer lab, multipurpose room, counseling room, and special-education rooms. Our athletic facilities include a gymnasium, track, and large playground area and sports field. While students are on school grounds before school, at recess time, during class time and directly after school, they are under the supervision of their classroom teacher and/or instructional assistants.

## School Facility Good Repair Status

Using the **most recently collected** Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

Year and month of the most recent FIT report: October 2024

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
  2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
  3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students taking and completing state-administered assessments Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard**

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

#### Opportunities for Parental Involvement (School Year 2024–25)

Sheppard Accelerated Elementary School is proud of the positive relationships and collaboration we have with our parents and families. We have strong parent involvement and support. Our monthly Parent Club meetings have high attendance. In addition, we have a consistent group of dedicated families that attend our English Learner Advisory Committee (ELAC) and School Site Council (SSC). Whether it's chaperoning on field trips, helping with a fundraiser, or attending a school sponsored event, Sheppard parent involvement is an important part of our overall school and student success.

For more information on how to become involved, please contact the principal, Erinn Mackey at (707) 546-7050 or [emackey@roselandsd.org](mailto:emackey@roselandsd.org).

## **School Safety Plan (School Year 2024–25)**

A comprehensive School Safety Plan has been developed and includes provisions for fire, earthquakes, and unsafe neighborhood conditions. Teachers are trained yearly regarding universal procedures and other school safety issues.

The School Safety Plan was most recently reviewed and updated in October 2024. It was discussed with school faculty in the Fall/Winter 2024-25. Safety Plans will go before the board in February 2025 for approval.

### Professional Development

Offering ongoing professional development for our staff is a top priority for the Roseland School District. Staff members participate in trainings and workshops throughout the school year. Focus areas have been a result of "District/School as a Whole" decisions made through the Accelerated Schools Process and the LCAP, and have included multiple trainings on Common Core implementation and instructional practices that support student achievement with a focus on Language Arts/Literacy, Mathematics, Social- Emotional Learning, English Language Development, and Science education. Workshops provided by the Sonoma County Office of Education also provide a wide array of choices to support teachers in their ongoing professional development. Teachers new to the profession participate in the North Coast Teacher Induction Program (NCTIP), and are provided with on-site support.

There have been 15 days provided for professional development and continuous professional growth in the most recent three-year period. Professional development is delivered during staff development days, Wednesday staff meeting time, after school, or at conferences. Implementation of district/schoolwide agreements and focus areas is supported through grade level collaboration meetings, teacher-principal meetings and by the ASP coaches, academic deans, and other staff.

Our principal team also participates in the Principals' Support Network at SCOE which is guiding our PLC work as a school.
